**There are various reading and comprehension abilities at all grade levels. We have tried to choose books that will cover all these levels. Summer recreation reading should be fairly easy, enjoyable reading. It should not be a struggle. Please help your children choose books that are appropriate for their reading levels.

The books on this list are only suggestions. There are many more books that are also appropriate. Ask assistance from you public librarian or from book store personnel.

The 6th grade required Summer reading book is *The Invention of Hugo Cabret* by Brian Selznick.

Please avoid reading the following books. These will be used as novel studies during the school year and should not be read advance.

Roll of Thunder Hear My Cry
Running Out of Time
Skull of Truth
